

I am looking forward
with confidence

Our plan is that you enjoy every minute.

Dear Prospective Member,

You're at a wonderful age. An age of freedom. An age of choices. Today, more than ever before, life after 65 can mean a whole new world of wonderful opportunities.

It also means that if you're eligible for Medicare, you'll need to decide what type of Medicare plan will be the right fit for you and your lifestyle. So before you make any decisions, you'll want to have all the information you need up front.

We want to help you understand what Medicare options you have and to make sure you're confident in your decision.

We're here to guide you every step of the way. Our benefit experts are fully dedicated to helping you understand all the possibilities and benefits available to you once you become eligible for Medicare. For example, many people don't realize the following about Medicare:

- Upon reaching Medicare-eligibility, many people have found that while Medicare provides basic health care coverage, it's not always enough.
- Medicare Part A provides hospital insurance, yet it does not cover the benefit-period deductible or the coinsurance required for hospital care.
- Medicare Part B has an annual deductible and typically covers only 80 percent of Medicare's approved amount for medical care.
- Medicare Supplement Plans can help cover the gaps in coverage that Medicare alone doesn't.

Why choose a Medicare Supplement Plan?

Although Medicare pays for many health care services and supplies, it doesn't pay for all of them. A Medicare Supplement Plan (sometimes referred to as Medigap insurance) will help pay for those costs which are not covered. This could include deductibles, coinsurance and copayments that may need to be paid whenever you receive care. A Medicare Supplement Plan allows you to see any provider who accepts Medicare without a referral.

With Anthem Blue Cross and Blue Shield Medicare Supplement Plans you can choose from a variety of options to fit your individual needs.

Enclosed is everything you need to make a smart decision about our Medicare Supplement Plans.

- Medicare Supplement Plan outline and information
- Application and enrollment instructions
- List of online resources
- And more!

Why enroll now?

The best time to enroll in a Medicare Supplement Plan is during your open enrollment period. Open enrollment starts on the first day of the month in which you are:

- Age 65 or older; and
- Enrolled in Medicare Part B

Your open enrollment period lasts for six months. During open enrollment, we cannot:

- Deny any Medicare Supplement policy we sell
- Charge more due to your health
- Make you wait for coverage to start

When you choose Anthem, you can rest assured you made the right choice.

We want you to breathe easy, knowing you chose the plan that's right for you. When you're with Anthem, you're getting over 60 years of trust and experience. And today we belong to a family of companies that serves millions of Americans across the country.¹ That can give you true peace of mind.

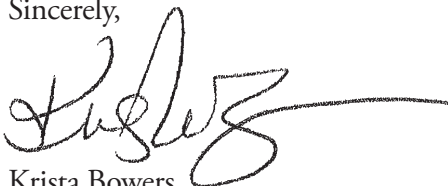

We're here to help.

Call us today. We're ready to help you understand our Medicare Health Plan options, answer your questions, or just be there for you if you have any concerns at all. That's our way.

Welcome to a new day in health care.

Finally, you can get a Medicare Supplement Plan that's easy to understand, easy to use and best of all, it's from the company that's been known and trusted by millions of Americans for over 60 years¹. Welcome to Anthem.

You've earned the right to be worry free.

Retirement is a time for celebration. After all, you've worked hard to get to this point. And one of the best retirement gifts you can give yourself is the security and peace of mind that comes from having Medicare Supplement coverage from Anthem.

Why is it important to have Medicare Supplement insurance?

Having Medicare alone leaves a lot of "gaps" in coverage, meaning deductibles and coinsurances that you are responsible to pay for that can add up to hundreds, even thousands of dollars. With Anthem you're getting a plan that can help protect your finances by filling in the gaps, so you'll be able to save on out-of-pocket costs that could be financially draining.

Competitive premium pricing that you can afford.

Our Medicare Supplement Plans are designed to help you manage your budget. With a set monthly premium, and coverage available for Original Medicare's deductibles, coinsurance and copayment, our Medicare Supplement Plans are a great value. With a Medicare Supplement Plan you can have peace of mind knowing that your policy will help cover costs that without the Medical Supplement policy you would be responsible for paying out of your pocket.

Got a great doctor? Let's keep it that way.

With your new Medicare Supplement Plan, you can go to any doctor or hospital that accepts Medicare, anywhere in America. There are no networks to confine you and, if you need to see a specialist, there's no need for referrals, so you have complete freedom in choosing your health care providers.

Guaranteed acceptance.

Your acceptance is guaranteed if you apply for coverage before or within six months of enrolling in Medicare Part B. If you've been enrolled in Medicare Part B for more than six months, we'll have to review your health history to see if you're eligible for the plan you selected. If you are within your Medicare Open Enrollment window or replacing an existing Medicare Supplemental plan, there is no waiting period before pre-existing conditions are covered.

Our Medicare Supplement policy is guaranteed renewable – this means you can feel safe and secure knowing that the coverage you select will automatically renew each year.*

**Except for example: nonpayment of premiums, fraudulent or material misrepresentation.*

You can choose the plan that's exactly right for you.

Compare our plans on the enclosed Outline of Coverage. Once you've seen what each Medicare Supplement Plan covers, you can choose the plan that's the right fit for you and your lifestyle.

Convenient payment options work with your financial schedule.

When enrolling, you can choose to pay your premiums in a variety of ways. Please refer to the enclosed application for available payment options.

Need another reason to choose us? We offer a \$2.00 discount when you enroll in EFT.*

**Applies to Plan F and SmartChoice only.*
