Anthem

Pathway HMO for individuals and families

available in every Colorado county

Anthem Blue Cross and Blue Shield has been recognized as the top health plan in Colorado for customer experience.[1]

Health coverage is important, no matter where you live. That's why our Pathway HMO health plans have a large network that extends to every county in the state.[2] Individual and Family plan members receive choice and flexibility for greater savings with the broadest coverage.

High-quality care with no referrals[3]

Members have **open access** to more than 70% of primary care doctors and specialists and 77% of hospitals. More than 3,000 primary care doctors, 6,000 specialists, and 68 acute-care hospitals are available for care across the state. Colorado's top hospitals and teaching facilities are in the network, including **HCA HealthONE Rocky Mountain Children's at Presbyterian St. Luke's**.

Doctors who provide personalized care

Members have access to doctors and specialists who are committed to **personalized, coordinated care**. Nationwide, more than 1.7 million doctors and hospitals contract with Blue Cross and Blue Shield companies — more than any other insurer.[4] This includes a **behavioral health network that's twice as large as our competitors**.[5] Members can look for the "Cooperative Care" label when searching for a primary care doctor with our **Find Care** tool at anthem.com.

BlueCard: protecting yourself out of state

As a member, you have access to emergency and urgent care nationwide through the BlueCard program and internationally through the Blue Cross Blue Shield Global® Core program.

When you are out of Colorado for work, school, or vacation, you shouldn't have to worry about health surprises. That's why our health maintenance organization (HMO) plans cover medically necessary emergency and urgent care in all 50 states and worldwide.

Tools that keep members in their best health

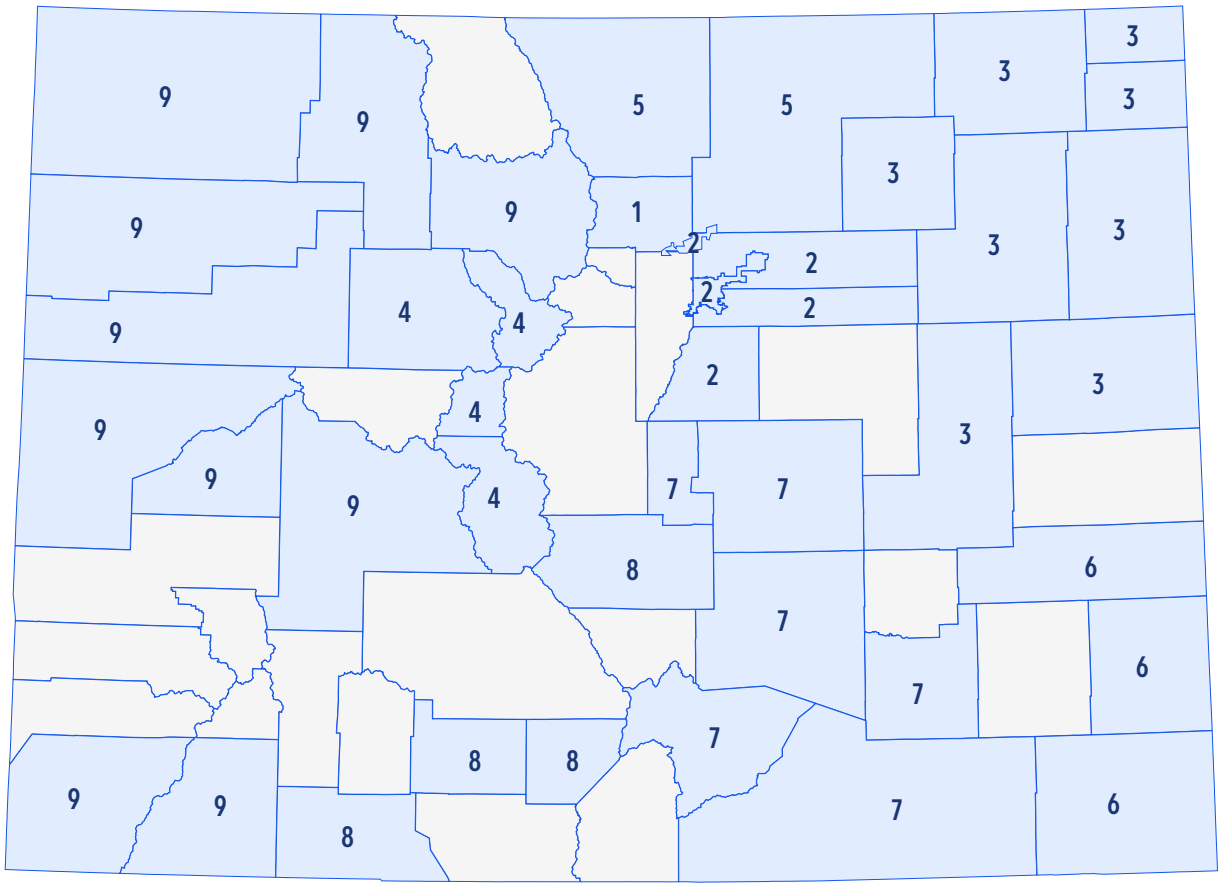

The Pathway HMO plan comes with a variety of online tools and resources, such as **Find Care & Cost** and our award-winning Sydney® Health app, to help members manage their health.[6] This can mean better well-being for the long run — and lower costs for everyone. The plan also covers preventive care at 100%.

Copies of Colorado network access plans are available on request from Member Services or can be obtained by going to anthem.com/co/networkaccess.

Hospitals and medical facilities in the network

Our built-in partners: HCA HealthONE and UCHealth systems

Coverage available in every county. This map only represents hospitals and facilities.

6 2022 Digital Health Gold Award.

Standard (Colorado Option plan networks) and nonstandard networks are generally the same, but there may be some differences that are fluid as negotiations continue toward Colorado Option objectives. Refer to anthem.com, then *Find Care* for participating facilities and professional care providers. If members need individual guidance, they can also call Member Services at the number on their health plan ID card.

In addition to using a telehealth service, you can receive in-person or virtual care from your own doctor or another healthcare provider in your plan's network. If you receive care from a doctor or healthcare provider not in your plan's network, your share of the costs may be higher. You also may receive a bill for any charges not covered by your health plan.

Sydney Health is offered through an arrangement with Carelon Digital Platforms, a separate company offering mobile application services on behalf of your health plan.

Anthem Blue Cross and Blue Shield is the trade name of Rocky Mountain Hospital and Medical Service, Inc. HMO products underwritten by HMO Colorado, Inc. Independent licensees of the Blue Cross and Blue Shield Association. Anthem is a registered trademark of Anthem Insurance Companies, Inc.
